## SUMMER CAMPS

(for girls ages 8-14)

myTERMS Summer Camp is a week-long celebration of girlhood. Working with psychologist Dr. Kristin Bohan and other women counselors and community volunteers, girls learn the importance of discovering and holding on to who they truly are. Through a critical examination of the stereotypical and often negative ways in which girls are portrayed in popular culture, participants become more aware of how "girl culture," as it is sold to girls, is limiting and a poor representation of girls' true abilities. In contrast to these stereotyped ideas, they are offered fresh alternatives of what it can mean to be a girl, laying a foundation for real choices about who they want to be.
